Higher Education Consultants Ltd.

Student Athletic Scholarship Program, USA

Sporting Elite USA and StudyUSA work together to offer a comprehensive advising packet for student athletes who wish to play their sport while studying in the United States. Sporting Elite USA is a talent evaluation service that agrees to provide a comprehensive service to the athlete and their family. StudyUSA offers guidance for the application process for U.S. universities and hosts the official EducationUSA Center in Cyprus, supported by the U.S. Department of State. The prices below includes the fee for Sporting Elite and StudyUSA.

Students can choose from one of the two options below: Please note that students from a sport that is not easily measurable must provide a video. Students should contact us at least 18 months before they wish to study. A free evaluation of the sporting abilities is offered before we can agree to work with the student.
