

StudyUSA Higher Education Consultants Ltd. (StudyUSA) together with CIEE, a U.S. leader in educational exchange (www.ciee.org) is offering the Internship (INT) and Professional Career Training (PCT) Programs to students studying or working in Cyprus who would like to gain work experience in the U.S.

Please read below for more information.

What is the Professional Career Training (PCT) Program?

The Professional Career Training (PCT) program gives you the opportunity work in the United States for up to twenty months and is for students who have graduated and have some work experience. StudyUSA is the official representative of CIEE, the largest educational exchange organization in the United States, and it is through CIEE that we are able to offer this program in Cyprus. To read about CIEE and this program in detail, please visit their www.ciee.org/intern.

Students can apply either as **Self-Placed** or **Placed** students under this program:

- **Self-Placed:** Students who have secured their own internships in the U.S. may apply as *Self-Placed* students. In this case, students would already have job offers when applying for this program and would only pay the PCT Program Fee.

If you would like to try to locate your own internship, please read CIEE's suggestions on how to secure an internship at: <https://www.ciee.org/in-the-usa/research-training/intern-professional-training/for-interns/find-internship> . CIEE also keeps a list of available internships on their website <http://available-internships.ciee.org/>. We have had students secure internships through these suggestions so please do not be discouraged! We have also had students secure job placements through their universities in Cyprus so please also speak to your professors.

- **Placed:** Students who do not have job offers and need assistance in securing an internship would apply as *Placed* students. **Only students in the field of tourism and culinary studies** can apply for placement. We cannot secure internships in any other fields. In this case, StudyUSA, together with CIEE or Internship International would locate an appropriate internship opportunity for the student. The cost of this program includes the PCT Program Fee **plus** a Placement Fee of \$1,650.
